

To Whom It May Concern:

The Association of Evangelical Christian Missionary Churches of Ukraine is pleased to express our recommendation and endorsement of Slavic Christian Ministries.

We have known Ron Putnam and his staff for six years. During this time, Slavic Christian Ministries has done an excellent job of spreading the Gospel through out Ukraine. During this time, we have seen the dedication of their hearts and their sincere love for us too. They have emulated a good Christian example that each of us can imitate!

It is evident the Slavic Christian Ministries is a healthy ministry, with a good team of Christians who take their respective ministries seriously. Furthermore, the pastoral care and ministry of Ron Putnam has been an excellent example of how one should engage missions ministry for our Lord Jesus Christ. It is evident to all of us that these humble people have worked for our Lord and not for themselves. We have seen that they have a true servant attitude, which clearly shows their commitment and character to Jesus to whom they belong.

As you know, in the world today there is greater evil and perversion throughout society. Children are abandoned on the streets, marriages fail, and compassion and love are so rarely seen. Despite all of this, our brothers and sisters continue to bring God's love to those who feel pain and are lonely.

Furthermore, Slavic Christian Ministries works with children in five orphanages, and this perhaps is their best contribution to Ukraine.

The Ministry also makes a great contribution in serving the needs of developing churches throughout the entire country of Ukraine. Through their Bible courses, books, and literature, they have enabled Christians to personally study the Bible in greater depth.

We thank God for the passion and love of our brothers and sisters from this ministry. We hope that in the future, we can continue to cooperate with them in the ministry of spreading God's kingdom throughout Ukraine and the whole world.

With prayers and blessings,

Rev. Sergey Datsko
The Moderator for the Association of Evangelical
Christian Missionary Churches of Ukraine
